Dear Board of Supervisors,

I would like to submit this letter on behalf of the Dulles South Business Alliance in support of your plan to consider the Route 50 corridor within the county for the next full-service hospital and EMS ambulance receiving facility. With a major hospital less than five miles from the proposed site in Broadlands, we believe that the new facility will be better utilized within the Dulles South region.

Residents living in the Route 50/Dulles South area are underserved by current health care facilities in this area. The population and business growth and development in the Route 50 area continues to increase while access to hospitals, medical facilities and ambulatory services decrease yet become more of a demand.

We, the members of the Dulles South Business Alliance, ask that you leave the current Comprehensive Plan in place and build the next Loudoun Hospital in the Dulles South/Route 50 Corridor.

Sincerely,
